

# Airport London Heathrow

Publisher	Aerosoft
Developer	Sim-wings

## Product description

Never before have there been so many objects on an X-Plane airport to discover as with Britain's major airport, London Heathrow. The scenery includes all five terminals and animated apron traffic. The award-winning team sim-wings convinces with a model of perfection for such a mega hub!

Find out what commercial aviation is all about by joining the traffic of the world's third busiest airport. The scenery covers around 42 square kilometres in total with fully detailed buildings at the airport, including the new T2 and T2B terminals. Fully customized high resolution aerial ground textures, detailed ground markings and the actual taxiway layout with new rapid runway exits and taxiway links make it a perfect rendition while use of LOD technique will give you the best possible performance.
