3rd of January 2023 – V1.0.3

- SU11 Helicopter Compatibility
- Changed parking type to Helipad

About Reefworld

Welcome to **Reefworld** for Microsoft Flight Simulator 2020!

The **Great Barrier Reef** is a sight not to be missed – a **mosaic of coral, marine life and atolls spanning 2300km** along the Australian Coastline. **Reefworld** is **located in Hardy Reef** which is **39nm offshore** and offers you the chance to explore this **UNESCO World Heritage Site** from the comfort of your home.

That's not all! Journey to **Heart Reef**, this unique destination is **only accessible by Helicopter**. Land on Heart Island and take a chance to explore this **exclusive private pontoon**.

Only a short flight from Hamilton Island (YBHM) - Reefworld and Heart Reef will certainly put your skills to the test and offer plenty of details for you to go and explore after landing. **Just be sure to keep an eye out for the seagulls on final** 😊

What are you waiting for? Here's your chance to discover this truly unique destination.

Features

- Authentic representation of Reefworld and Heart Island
- 5 Detailed Pontoons, 3 with Helipads.
- Interior Modelling
- Lifelike PBR Textures
- Animated Boats / Semi – Submarine
- Animated Seagulls
- Static R44
- Realistic Night Lighting
- 3D People

Looking for a Helicopter to fly? We recommend the H135 and you can even get this eye-catching livery from Impulse Simulations which was operated by Hamilton Island Air.

H135 Download & Hamilton Island Air Livery

Location

Locating Reefworld couldn't be easier, follow the steps below and you'll be underway in no time.

1. Search for airport **YBHM1**
2. You will now see Reefworld on your map, please select a parking position from the list below.
 - Parking 1 (Reefworld)
 - Parking 2 (Reefworld)
 - Parking 3 (Reefworld)
 - Parking 4 (Heart Reef)

Alternatively, you can also your flight from Hamilton Island (YBHM) and track via famous sights such as Whitehaven Beach while on the 39nm flight out to Reefworld.

Known Issues

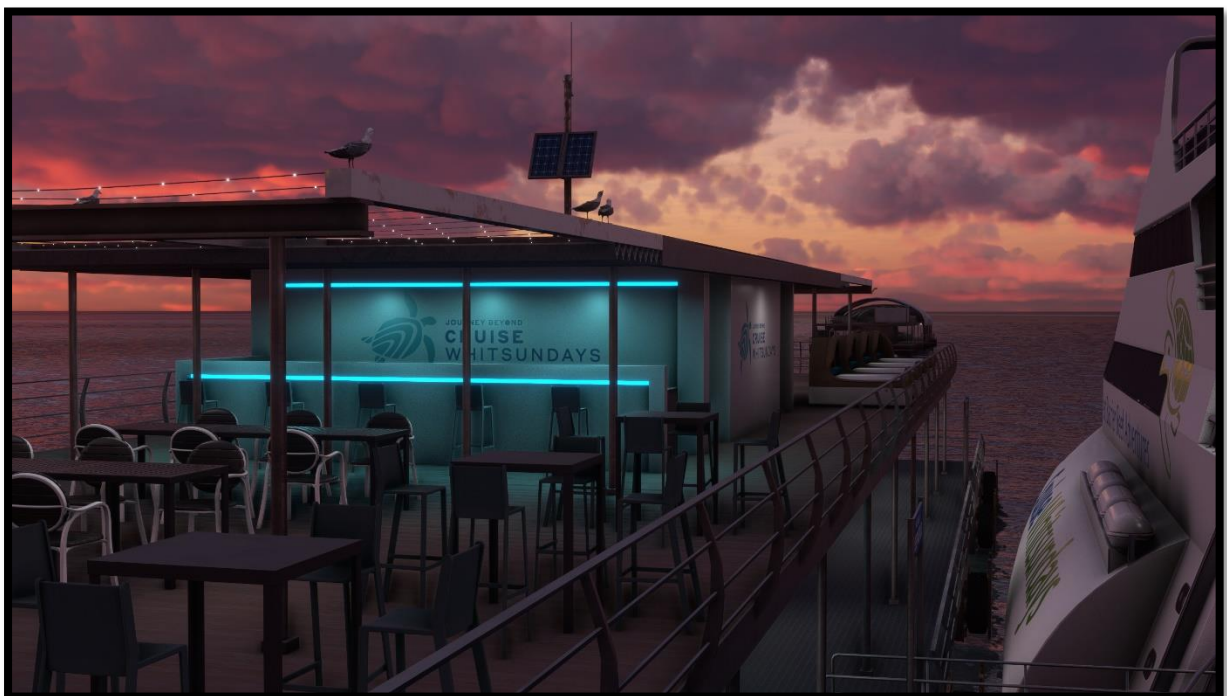

Pontoon Start

When starting at the helipads the “FLY NOW” button might not be active. Please follow these steps.

1. Select a helipad from the “runway” menu.
2. Zoom Out till you see the “Fly Now” button turn yellow (Usually > 3nm)

Animated Birds

You may notice at certain viewing angles the animated birds could temporarily disappear, this has been noted and will be fixed when possible.

Support
