History

Parafield (YPPF) is located 18km north of Adelaide city centre, being established in 1927 parafield remained Adelaide's only civil airport till 1955 when Adelaide Airport was opened.

Situated at 57ft above sea level. Parafield has four runways ranging from 958m – 1350m. Only runway 21R/03L is lighted for night operations.

Be sure to checkout the Parafield Air Traffic Control Tower which has been listed on the Australian Commonwealth Heritage List.

About the Airport

Welcome to Parafield (YPPF) V1.1 for Microsoft Flight Simulator 2020!

Parafield is home to many flying schools where a large number of domestic and international students conduct their training and contribute to make this the **third busiest airport by aircraft movements in Australia**.

Situated just north of the major airport Adelaide, Parafield offers a perfect base for you to explore **South Australia** or learning the in's and out's of this busy airfield.

The airport has been **hand crafted** with a **high level of precision** using hundreds of on-site photos to include many **bespoke details** for you to discover. We truly hope you will enjoy this **highly realistic version of Parafield airport**.

Features:

- Hand Crafted Rendition of Parafield for MSFS
- MSFS Native Product
- High Resolution PBR textures
- Detailed aprons
- Dynamic rain on control tower glass
- Bespoke details
- Custom photoreal signs
- Genuine night experience
- Custom taxiway lines and markings
- Detailed Static Aircraft and AI Traffic Ready
- Dynamic lighting
