

**Palm Springs International.
AIRPORT**

MANUAL
KPSP

MANUAL

On behalf of all the team members here at Axonos, we'd like to thank you for purchasing KPSP Palm Springs International Airport for Microsoft Flight Simulator 2020.

Palm Springs International Airport for Microsoft Flight Simulator 2020 has been in development for over a year and we are happy to finally share this amazing project with you!

We hope you enjoy what awaits you in this magnificent airport.

Happy landings,
Axonos Team.

Product Requirements

- Microsoft Flight Simulator (2020 rendition)

Installation

To install the scenery, simply drag the folder:

“Axonos KPSP Palm Springs”
into your “Community” folder.

The “Community” folder can be found in Microsoft Flight Simulator > Packages,
or at the following path:

C:\Microsoft Flight Simulator\Packages\Community\

If you're using the Windows Store version (or Game Pass for PC):

C:\Users\[YOUR_USERNAME]\AppData\Local\Packages\Microsoft.FlightSimulator_[LETTERS]\LocalCache\Packages\Community

For Steam, try this:

C:\Users\[YOUR_USERNAME]\AppData\Roaming\Microsoft Flight Simulator\Packages\Community

or

C:\Users\[YOUR_USERNAME]\AppData\Local\Packages\Microsoft.FlightDashboard_[LETTERS]\LocalCache\Packages\Community

Technical Support

Here at Axonos, we strive for an enjoyable customer experience and friendly support. This means, if any questions arise regarding the company or the scenery,

feel free to contact us via our Discord server (fastest), on our Facebook page or via email.

Support

Upon contacting us for support please check that you have done the following:

- Order number (in some situations, we may ask for this)
- A screenshot to highlight your problem
- Detailed comments on the problem
- Fulfilled all the products requirements

Troubleshooting

- * Check that you have fulfilled all the product requirements above. * Try using lower graphics settings (if unable to load in) to start with and then increase the graphics settings.
- * Use a 3rd party unzipper and reinstall the scenery. Certain unzippers might not unzip the scenery properly resulting in missing files and errors in the sim.
