MK STUDIOS 
FAROE ISLANDS

VAGAR

The Airport

Vágar Airport (Faroese: Vága Floghavn) (IATA: FAE, ICAO: EKVG) is the only airport in the Faroe Islands, and is located 1 NM (1.9 km; 1.2 mi) east of Sørvágur. Due to the Faroe Islands' status as a self-governing territory, the airport is not subject to the rules of the European Union. It is the main operating base for Faroese national airline Atlantic Airways and, for a brief period during 2006, was also the base for the low cost airline FaroJet.

Minimum specifications

- 3.0 GHZ CPU (Intel Core 2Duo minimum)
- 4 GB RAM
- DirectX 10 compatible graphics card
- Lockheed Marin Prepar3D Prepar3D V5.1or later
- Windows 7,8,10 x64 with all updates installed

Installation

You need administrator rights to install our scenery correctly. To be sure open it with right click on installation and 'Run as administrator'.

During installation you will be asked to provide email address and serial key of the product.

Installation program will then try to identify correct installation path using registry entries from your system. If it fail to do so you may have check your registry settings or repair the sim.

Installation should now begin.

Uninstallation

In order to uninstall our scenery please go to Control panel -> Programs and Features and Uninstall or change a program. You will find our product there.

Support

Product support is available by filling a support ticket:

<http://mkstudios.pl/support/index.php>

or using FAQ

<http://mkstudios.pl/support/scp/kb.php>

Mesh resolution

In order to display the scenery correctly mesh resolution slider should be set to **5M or more**.

Airport vehicle density

Airport vehicle density should be set to None.

Shadows

AFCAD/AI/ILS problems

If you have 3rd party AI addon please check it for any AFCAD files that may conflict with our scenery.

Example:

If using JustFlight TrafficGlobal you should check AFX_EKVG.bgl and AFX_EKVG.bgl from My Documents\TrafficGlobal\AirportFacilities

In order to avoid elevation or mesh problems.

Elevation problems

If you have ORBX scenery installed and elevation problems occur please disable EKVG in vector config tool.

Landclass/mesh problems

If you have ever used any other Vagar / Faroe Islands scenery please make sure you uninstalled it correctly and removed ALL the previous files or sim modifications. Please also make sure that all the files in scenery/0501/scenery are active and none of them were disable
