# Thank you!

Orbx would like to thank you for purchasing **Orbx EGML Damyn's Hall Airport for X-Plane 11**.

Damyns Hall is a small but very atmospheric strip in southern England and another fine addition to TrueEarth GB South. It features an incredibly realistic and natural coverage of native vegetation across the airfield. It also features a highly 3D ground poly with textures that mimic the ditches and gullies along the taxiways. All this adds to a unique experience.

## **Airport Operation**

Damyns Hall Aerodrome was founded in 1969 close to the site of the former RAF Hornchurch. Until 2003 Damyns Hall was home to a mixture of flying activities, including a Micro Light School, the Metropolitan Police Micro Light Club and a group of private light aircraft operators. The Aerodrome first appeared in the CAA list of UK Aerodromes in 1986 and is the only privately-owned GA Aerodrome in Greater London.

In 2004, Damyns Hall Aerodrome was acquired by Timothy Lyons and since then a steady program has been undertaken to improve the facilities available to pilots of both fixed wing and rotary aircraft. So far, these include the refurbishment of a first-class clubhouse and bringing the Aerodrome up to licensed standards.

The Aerodrome is operated by Damyns Hall Aerodrome Limited and is open for day time operations by both fixed-wing aircraft and helicopters with three Flying Schools currently operating.

# Product requirements

This scenery airport addon is designed to work in the following simulator: **X-Plane 11**.

**NOTE:** This version is not compatible with Microsoft Flight Simulator X or Lockheed Martin Prepar3D versions 1 to 4.

Please note that without purchasing and installing TrueEarth Great Britain South for X-Plane 11, the airport will appear differently as it is shown in our promotional screenshots. You may experience one or more of the following issues:

- Missing or misplaced forests
- Non-aligned road or motorway traffic
- Missing or misplaced houses and buildings surrounding the airport
- Ortho colour matching and blending or other visual anomalies

# Quick Installation Guide

Installing Orbx EGML is all managed by our FTX Central application. This app is responsible for many aspects in maintaining your Orbx installation. Please visit the support forums to learn more.

Once you have purchased EGML it will be added to your account and you can have FTX Central download and install it for you. The appropriate scenery library entries will also be managed by FTX Central.

You may also manually download EGML and then have FTX Central manage the installation for you once downloaded.

**An internet connection is required for FTX Central to validate your license.**

At time of publishing, FTX Central is not compatible with MacOS and Linux systems.

Please make use of the *CROSS-PLATFORM DOWNLOAD* available in your OrbxDirect account. This zip file will have the instructions for you to manually install Orbx EGML into MacOS/Linux.

# Detailed Scenery Coverage

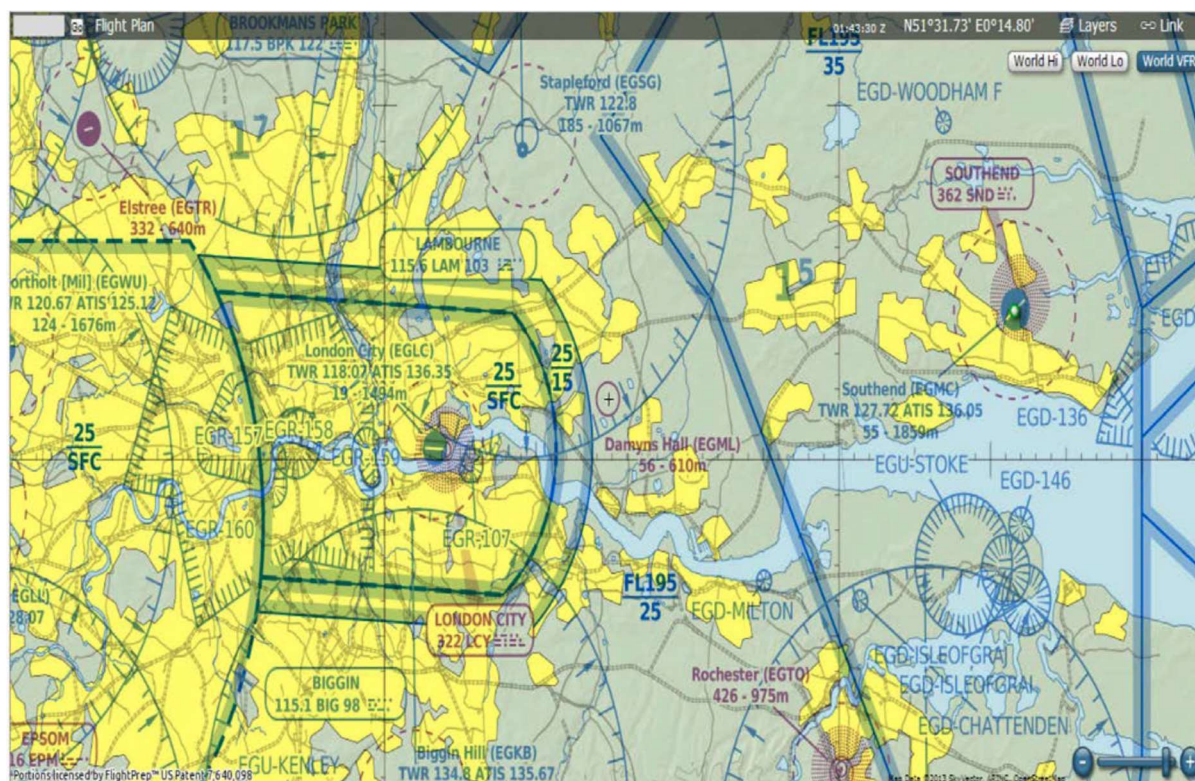

The image below shows the extent of the EGML region scenery 30cm coverage area.

Please note that the imagery has been colour matched to Orbx TrueEarth Great Britain South. If you do not have that region installed the scenery area will not match the colour of default X-Plane terrain or any Ortho4XP tiles you may have installed. We call this the 'postage stamp' effect

# Airport Information and Charts

## Product Technical Support

Orbx has a very simple support policy: no question unanswered. That means, should you have any questions about EGML or its use, please feel free to register on the forums at [orbxdirect.com](http://orbxdirect.com) and then log a support question in the FTX Payware Support Forum section. Orbx FTX experts will be available to review your support questions and you will usually get a reply on the forums within 12 hours, often much sooner than that.

To visit our support forums, click on the “Forums” button shown on the homepage of [orbxdirect.com](http://orbxdirect.com).

## Please do NOT email support requests

Orbx provides world-class support on our forums, and it’s the only way in which you can receive support for EGML. Provided you adhere to the forum terms of use and have a legitimate copy of EGML, you will always be offered our support at no cost as we work toward a resolution to your problem each time.

## Use the forum search function

Before you post a question, please try searching for the answer first, using the forum’s built in search function located on the forum menu bar.

## What to include in your support requests

If at all possible, this is what we’d like to see provided for each request you log:

- A separate post on the FTX support forums for each issue (don’t tag new issue reports onto existing threads).
- Include your TRANSACTION ID from your EGML purchase in your post or forum signature section.
- A screenshot to highlight what you are talking about.
- A descriptive post title which clearly states what the issue is.
- Detailed comments in your post about what you are reporting on.

The Orbx support team is always on standby to assist you with any problems you may have, or will comment on your issue reports. Please remember, our priority is fixing any urgent issues first, and addressing bug reports second. Clearly though, any “show stopper” bugs will be given top priority though.

# FTX Community Forums

FTX already has quite a thriving and active user community on the forums, with over 82,000 members as of November 2018. To visit the forums, just point your web browser to [orbxdirect.com](http://orbxdirect.com) and from the front page click the “Forums” menu item.

You don’t need a user account to view other people’s posts and information posted by Orbx staff, but if you’d like to join in on the discussion there, simply create an account. It’s instant and no validation email is required. We like to keep things simple☺.

We hope to see you there soon!

## Thanks for reading!

You’ve stuck with us through all these pages of information, and we appreciate you taking the time to read the user guide. We hope it gave you some tips and insights. See you on the forums!

# The Orbx EGML Team

## Original EGML Developers

- **Russ White:** All 3D modeling, texturing, ground polys, autogen annotation
- **John Lovell:** Location photography

## X-Plane 11 Conversion Developers

- **Greg Jones:** Initial X-Plane conversion.
- **Karl Hoybye:** Additional conversion, vegetation and additional modelling.

## Specialist Roles

- **John Venema:** Business management
- **Ed Correia:** Production Management
- **Ben McClintock:** FTX Central and website

## Beta Testing Team

Steve Colbert, Scott Harmes, Friedi Gulder, Rob Abernathy, John Dow, Jon Murchison, Matt McGee

# End User License Agreement (EULA)

For the most recent version of the EULA, see [orbxdirect.com/eula](http://orbxdirect.com/eula).

END-USER LICENSE AGREEMENT (EULA) for Orbx Simulation Systems Full Terrain Experience (FTX) Scenery Addon

## IMPORTANT

PLEASE READ CAREFULLY: This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or single entity) and Orbx Simulation Systems Pty. Ltd. ("ORBX") for the ORBX software product identified above, which includes software and includes associated media and "online" or electronic documentation ("SOFTWARE PRODUCT"). The SOFTWARE PRODUCT also includes any updates and supplements to the original SOFTWARE PRODUCT which may be provided to you by ORBX. By accessing or otherwise using the SOFTWARE PRODUCT, you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA, do not use the SOFTWARE PRODUCT.

## SOFTWARE PRODUCT LICENSE

The SOFTWARE PRODUCT is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The SOFTWARE PRODUCT is sold as a single user license and no ownership is transferred, only the right to use the license software. The SOFTWARE PRODUCT may not be re-distributed, sold for non-profit or profit from subscription fees, repackaged, delivered on CD or DVD media or any other form of electronic media by any other persons or party, website, organisation or entity, other than the official e-commerce seller website(s) as contracted or authorised by ORBX.

1. GRANT OF LICENSE. This EULA grants you the following rights:

- a. You may install, access, and run a SINGLE copy of the SOFTWARE PRODUCT on a SINGLE personal computer for your personal, non-commercial, non-profit use. Any party or organisation seeking to use the SOFTWARE PRODUCT under license for commercial use should see our Commercial Use License Agreement.
- b. This SOFTWARE PRODUCT is for personal entertainment purposes only and may not be used for flight training purposes. This SOFTWARE PRODUCT is not part of an approved training program under the standards of any aviation regulatory agency or body worldwide, whether private or government.
- c. Separation of Components. The SOFTWARE PRODUCT is licensed as a single product. Its original component parts created by ORBX may not be separated for use in other software or projects.
- d. Trademarks. This EULA does not grant you any rights in connection with any trademarks or service marks of ORBX.
- e. Rental. You may not rent, lease, or lend the SOFTWARE PRODUCT. You may not charge admission fees for any simulator, entertainment or training device which breaches this EULA by use of the SOFTWARE PRODUCT therein.
- f. Support Services. This SOFTWARE PRODUCT is provided "as is", however ORBX will provide provision of support services in relation to the operation, installation or remedy of issues arising to the use of the SOFTWARE at its official support forum at [orbxsystems.com/forum](http://orbxsystems.com/forum).
- g. Termination. Without prejudice to any other rights, ORBX may terminate this EULA if you fail to comply with the terms and conditions of this EULA. In such event, you must destroy all copies of the SOFTWARE PRODUCT and all of its component parts.
- h. The Orbx libraries (Orbxlibs) are licensed for use ONLY with Orbx products licensed by our customers. Whilst they are freely distributed on this site and our forums it is for the support of our own products only. It is EXPRESSLY FORBIDDEN to modify, use, call GUIDs, reference, extract or in any way make use of Orbxlibs in any software project be it freeware, donation ware or payware. Any mis-use of Orbxlibs will invoke legal action.

2. COPYRIGHT. All title and copyrights in and to the original created components of the SOFTWARE PRODUCT (including but not limited to any images, photographs, animations, video, audio, music, and text incorporated into the SOFTWARE PRODUCT), the accompanying documentation materials, and any copies of the SOFTWARE PRODUCT are owned by ORBX or its suppliers. All title and intellectual property rights in and to additional third party libraries and content (which are used under the terms of those components' distribution) which may be accessed through use of the SOFTWARE PRODUCT is the property of the respective content owner and may be protected by applicable copyright or other intellectual property laws and treaties. This EULA grants you no rights to use such content. This SOFTWARE PRODUCT contains documentation which is provided only in electronic form, and you may print multiple copies of such electronic documentation.

3. LEGAL JURISDICTION. This EULA is governed by the laws of the State of Victoria, Australia.

4. LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL ORBX BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE PRODUCT OR THE PROVISION OF OR FAILURE TO PROVIDE SUPPORT SERVICES, EVEN IF ORBX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
