Installation

There are two folders inside the downloaded zip files:
"samscene3d-hkcitytimes" is the city scenery of Hong Kong
"samscene3d-hkvhhh" is the extra VHHH airport with just a simple design

Finding the community folder: If you have installed the MSFS contents in a custom folder, go in to that folder, and simply drag and drop the folder "samscene3d-hkcitytimes" into your Microsoft Flight Simulator "Community" folder

If you have bought it from the Microsoft Store Go to %localappdata% (search using windows search), then go to Packages\Microsoft.FlightSimulator_RANDOMLETTERS\LocalCache\Packages\ and place "samscene3d-hkcitytimes" into the Community folder

If you have the game through Gamepass Go to %localappdata% (search using windows search), then go to Packages\Microsoft.FlightSimulator_RANDOMLETTERS\LocalCache\Packages\ and place "samscene3d-hkcitytimes" into the Community folder

If you bought the game on Steam… Go to %appdata% (search using windows search), then Microsoft Flight Simulator\Packages\ and place "samscene3d-hkcitytimes" into the Community folder

Alternate Steam Method (If Above Does Not Work)… Go to %localappdata% (search using windows search), then got to Packages\Microsoft.FlightSimulator_RANDOMLETTERS\LocalCache\Packages\ and place
"samscene3d-hkcitytimes" into the Community folder

Alternate Steam Method (If Above Does Not Work)… Go to YOUR_STEAM_LOCATION\steamapps \common\ and place
"samscene3d-hkcitytimes" into the Community folder

Do the same with samscene3d-hkvhhh if you like to install the VHHH airport scenery too

Compatibility
This scenery is compatible with the Kai Tak airport freeware scenery by ali501, all you have to do is to download the exclusion file from our website Hong Kong product page, no matter you are our store buyer or MSFS marketplace buyer.

However, this scenery is not compatible with Redwing Kai Tak scenery. You have to uninstall either one to use the Hong Kong scenery correctly.
