

Seafront Simulations

Dear Customer

Thanks for purchasing Vessels: UK South East! This is our biggest coastal scenery to date with over 18,000 boats travelling along the coast and moored in over 80 marinas, yacht clubs, ports and harbours. We have populated the coastline and inlets all the way from the Isle of Sheppey down to Keyhaven, just north of the western tip of the Isle of Wight.

Home the world-famous Solent sailing clubs and the large ports of Southampton and Portsmouth, the UK's South East is teeming with nautical life. You'll also find HMS Victory resting in her historic dockyard and modern-day Navy Destroyers patrolling alongside RNLI lifeboats and Border Force vessels.

We really hope you enjoy the added immersion that we've brought to Microsoft Flight Simulator.

P.S. We recommend a dawn or dusk flight. The ships lights really sparkle below!

Have Fun!
